

Art Competition

Take your art outdoors and create a pattern using natural objects.

Get outdoors, go for a walk, explore your garden and collect some interesting natural objects such as sticks, stones, pinecones or leaves to create a fantastic piece of pattern art.

For some more inspiration, here are some examples by artist James Brunt: <http://www.jamesbruntartist.co.uk>

Once you have created your pattern photograph it and email it to Mrs Sadler at head@heath.shropshire.sch.uk by 8pm Sunday 7th February

When collecting remember to look after the environment around you. Make sure that you don't pick anything living, only use objects that have already fallen.
