

Lower Heath Our Geography Pathway

Kapow
Primary

Independent fieldwork - B3

- Presenting the data
- Analysing the data
- Collecting the data
- Mapping a route
- Creating data collection methods
- Developing an enquiry question
- How littered is our marine environment?
- 2x What can we do to help our oceans?
- Oceans - B2
- Why are our oceans suffering?
- What is the Great Barrier Reef?
- How do we use our oceans?

Life in the Alps - A1

- What is there to do in the local area?
- How are the Alps different from our local area?
- What is life like in the Alps?
- Why do people visit the Alps?
- What is it like in the Alps?
- Where are the Alps?

Life in the desert - A2

- What physical features are found in a desert?
- What are the threats to deserts?
- Why is energy important?
- How does the United States generate energy?
- What is the best way to generate energy?
- How is the global population changing?

Where does energy come from? - A3

- What is renewable energy?
- How does the United Kingdom generate energy?
- Where is the best place for a solar panel on the school grounds?
- How is land used in New Delhi?
- How is land used in my local area?

Why does population change? - B1

- What are birth and death rates?
- Why do people migrate?
- How is climate change impacting population?
- 2x How is population impacting our environment?
- Who was Shackleton?

YEAR
5/6

What are rivers and how are they used? - B3

- Where are deserts located?
- How can people use deserts?
- Would you like to live in the desert?
- What features does our local river have?
- How are rivers used?
- How is a river formed?
- What can we find out about our local river?
- Where can we find rivers?
- What is the water cycle?
- How does land use in New Delhi compare with my local area?
- How has my local area changed over time?
- Can I explain the location of features in my local area?
- What is a settlement?
- How did our expedition go?
- Who lives in Antarctica?

Are all settlements the same? - B2

- How do we get our chocolate?
- Where does our food come from?
- Is it better to buy local or imported food?
- How is the earth constructed?
- Why and where do we get volcanoes?
- What are earthquakes and where do we get them?
- What is the Amazon rainforest like?
- How are rainforests changing?
- Where is Antarctica?

Antarctica? - B1

YEAR
3/4

Where does our food come from? - A1

- How can our food choices impact the environment?
- Are our school dinners locally sourced?
- Would you prefer to live in a hot or cold place?
- Where are the coldest places on Earth?
- How is Shanghai different from our local area?
- What can you see in China?
- Where in the world are tropical rainforests?
- Who lives in the rainforest?
- How is our local woodland used? (Data)
- How is our local woodland used? (Findings)

Why do people live near volcanoes? - A2

- Where are mountains found?
- What are the effects of a volcanic eruption?
- Where have the rocks around school come from?
- Where in the world is China?
- What can we see in our local area?

Rainforests - A3

YEAR
1/2

Hot and cold places - B3

- Do we live in a hot or cold place?
- What is life like in a hot place?
- Where is the Equator?
- Where are the continents?
- What is Shanghai like?
- Where in the world is China?
- What can we see in our local area?

What is it like here? - A1

- Where are the different places in our school?
- How do we feel about our playground?
- Where is the UK?
- What are the compass directions?
- Is the weather the same everywhere in the UK?
- Where are the seas and oceans surrounding the UK?
- What are the features of the Jurassic Coast?
- How do people use our local coast? (Data)

What is the weather like in the UK? - A2

- What can we see in our school grounds?
- Can we make our playground even better?
- What are the four seasons?
- What is the weather like today?
- How do people prepare for the weather?
- What is the coast?
- How do people use Weymouth?
- How do people use our local coast? (Findings)

Where am I? - B1

EYFS

Country to Coast - A3

- Where do families go on holiday?
- How is Rhyl different to Whitchurch?
- What are coastal places like?
- What seasons is it best to go on holiday and why?
- What animals do you find at the coast?
- Where is Rhyl?
- What is our school like?
- What are houses like around my school?
- What is in our school environment?
- What does a farmer do?
- What crops, vegetables and plants grow on farms?
- Why is a farm important to us?

Local Geography - A1

- Where is our school?
- What are the key features of local houses?
- How do we care for our environment?

Local Farms - A2

- What is a farm?
- Where is Fordhall Farm?
- What animals are kept on farms?
