

# Science Progression of Vocabulary

Year 1 - Year 6

	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	
Working Scientifically							
Question	plan	predict	variable fair	control variable	model testable	rate	
Plan and predict			method investigate		safety hazard		
Observe, test and measure	observe measure diagram	test research	record bar chart results	classify classification key	temperature thermometer relationship	mean average secondary data/source	
Record	table sort group		table stopwatch		estimate line of best fit line graph data anomaly	units scale	
Conclude Evaluate	compare similarity difference	results pattern	conclusion trustworthy	proof	evidence advantage/ disadvantage/ strength/ weakness	evaluate reliable	
Science in action	science scientist	invention		ethics	discovery	theory	

<sup>\*</sup>This word occurs in the vocabulary progression for another key area.

These words have been classified as Tier 3 vocabulary. Words that may also be considered Tier 1 or Tier 2 vocabulary are indicated with parentheses. However, it is important to ensure that in science lessons, children understand the scientific meaning of these words, which may differ from their general usage or usage across other subjects.
